

WASHINGTON'S 1st ANNUAL MIDDLE SCHOOL COMPUTER SCIENCE COMPETITION

Saturday, May 30, 2015 | 9am-2:30pm
Microsoft Bldg 99 | 14820 NE 36th St.
Redmond, WA 98052

AWARDS!
TRIVIA!
WORKSHOPS!
GUEST SPEAKERS!

INFORMATION

We are proud to announce our 1st annual computer programming competition open to grades 5-8! The competition includes timed team and individual challenges, followed by a fun "Jeopardy Round" of computing trivia!

Students can demo their Scratch projects in our Best Project Design category. Projects will be judged on creativity, technical merit, & programming style. Compete individually or in a team of 2-3 students.

VISIT COMPUTINGFORALL.ORG to REGISTER by the MAY 22nd DEADLINE.

GUEST SPEAKER

Dr. Lenin Sivalingam from Microsoft Research will discuss the joys of programming & the ease of programming an ASIMO robot to play games! Joining him will be Dr. Aakanksha Chowdhery a postdoctoral Researcher from Microsoft Research.
